

## What can we do to protect plants or forest?

We may have heard that forests are endangered. What does that mean exactly? Endangered means there are very few of that kind still alive. Someday they might become extinct. You may wonder what people can do to protect plants or forests?

People can protect plants or forests from becoming endangered or extinct. One way is to protect the plants' habitats. There are many simple things we can do to help save plants or forests:

1) Don't cut out trees from forests.

2) Don't pick flowers in the forests.

3) Don't start fires in forests.

4) Don't throw trash the forests.

5) Plant trees.

6) Water plants.

## ACTIVITIES

### 1) Match the sentences halves.

- |                    |                            |
|--------------------|----------------------------|
| • Water...         | ...trees from forests.     |
| • Don't start...   | ...fires in forests.       |
| • Don't cut out... | ...flowers in the forests. |
| • Plant...         | ... trash the forests.     |
| • Don't pick...    | ...trees.                  |
| • Don't throw...   | ... plants.                |

### 2) Tick ✓ the good actions and cross X the bad ones.

### 3) Order the words to make sentences.

- trees / from forests / Don't cut out
- \_\_\_\_\_.
- trees / Plant
- \_\_\_\_\_.
- the forests / Don't throw / trash
- \_\_\_\_\_.
- flowers / in the forests / Don't pick
- \_\_\_\_\_.
- plants / Water
- \_\_\_\_\_.
- fires / Don't start / in forests
- \_\_\_\_\_.
