Do you know what is the Internet? Do you know its history? Who did invent it? What is TCP/IP? And World Wide Web?

Today we will discover the answer to these questions.

- **First step:** Video **"Who invented the Internet? And why? ".** You can see the transcription of the dialogue to solve possible doubts.

  CLIL can help you if you can't understand any word, because all of them are linked to online dictionaries.

- **During the video:** Take notes of new words to visit dictionaries at the end.
- If it is necessary, you must watch the video twice.
- **At the end of the video:** Discuss with your partner what you have understood. Try to answer the beginning questions.
- **Activities:** Complete all the activities to verify you have understood the video.
- **More information:** If you are interested or you have time at the end of the activity, you can watch the video **"How does the Internet work?".**
